nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 603½ North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a $1.00 bottle of Wine of Cardui from your druggist to-day.

Saved by a Pitchfork.

New York, June 20.—Madame Morello, a trainer of wild animals, has been nearly killed by a six-year-old leopard which she was training, in one of the cages of an animal show at Coney Island. The animal leaped on her back from above and before it could be driven off had torn and scratched the woman almost fatally. Madame Morello was finally rescued by a man who fought the beast off with a pitchfork.

CLEVELAND'S VIEWS

Asserts They Were Grossly Inaccurate as Published.

IT WAS INACCURATE

Statements Attributed to Him. He Says, He Would Never Have Made to a Person Nearer Than G. M. Bailey.

Princeton, N. J., June 20.—Grover Cleveland, on being shown the alleged interview reported by G. M. Bailey of the Galveston-Dallas News, made the following statement to the Associated Press correspondent Friday:

"I am very much astonished to see such an outcome from the visit made to me by one who only gained friendly access to me by reason of his being a representative of a paper formerly conducted and owned by my deceased friend, Colonel Belo, and now conducted by his son.

"I don't know whether Bailey intended it or not, but he has given a very erroneous impression of what occurred between us.

"If I had dreamed that he would attempt to construct an important interview, dealing with important subjects out of what was said on the occasion of his visit I would have certainly insisted, according to my habit, upon its being then and there reduced to writing and submitted to me. Instead of gaining the least intimation of such an intention on his part, his first words were that he knew an ex-president was not a person to be interviewed for publication.

"All I care to add is that the substance of the interview, as published, is, in some respects, grossly inaccurate. The statements attributed to me I certainly never would have made to a person no nearer to me, and no more in my confidence than Mr. Bailey.

BAILEY'S SAY.

Correspondent Gives His Version of the Cleveland Interview.

Washington, June 20.—G. M. Bailey, Washington correspondent of the Galveston and Dallas News, said, with reference to Mr. Cleveland's statement that the former president must have overlooked the letter that he (Bailey) sent Mr. Cleveland and the reply of Mr. Cleveland, when the former president intimated that he had not known Mr. Bailey was there with the purpose of obtaining his views for publication.

"In answer to my letter," said Mr. Bailey, "I received a letter from Mr. Cleveland, saying: 'I have received your letter of the 14th, suggesting a visit to my home on your way to New York in behalf of your paper,' but suggesting that the visit be deferred until after his return from Ohio, as he was busy then, and if the trip were postponed the chances of a satisfactory visit would be greatly increased.

"In view of this response it is beyond my conjecture what it could be thought I was in Princeton for except to get a story for my paper. I would gladly have submitted my copy to Mr. Cleveland if he had requested it, and if there is any inaccuracy in any of my story I regret it, but as no specification is made as to inaccurate statements, I cannot know to what part the criticism was made. Certainly there was no purpose to do Mr. Cleveland any injustice and the story published shows its tone was kindly throughout."

After Bribers and Perjurers.

Jackson, Ky., June 20.—Since the removal of Jett and White to Lexington and the prospect of another trial being certain in a county beyond the zone of feud influence there is considerable talk here of prosecutions for perjury and bribery. It is said there is a move on foot to swear out warrants at once for the arrest of men in high places for bribery, perjury and "as accessory to the Marcum murder before the fact."

Virtually Broken Off.

Belgrade, June 20.—Great Britain has practically broken off diplomatic relations with Servia. The British minister, Sir C. F. Bonham, will leave at once for England. Consul of Great Britain, W. G. Thesiger, will take charge of British interests.

Ordered Mobilized.

Des Moines, Ia., June 20.—Governor Cummins, upon the receipt of advices that a crisis was approaching in the street railway strike at Dubuque, issued orders to mobilize three companies of militia at that point.

European monarchs should insist, for their own safety, on the punishment of the assassins of the Servian king and queen, else their own heads are more likely to drop at any time.

The next meeting of the Brazos County Farmers' Institute will be held with the people of the Bethel community on Friday, July 24. Between now and that time the Texas Farmers' Congress will meet at College Station. The dates of this meeting are July 7 to 10 inclusive. Baazos county farmers should not miss this opportunity for hearing the most successful men in the state and getting in touch with the advanced thought along agricultural lines.

In its decision in the Bill Young case the court of criminal appeals holds that Young, having been promised immunity from pbnishment on charges of burglary and theft in Grimes by the district attorney with the consent of the district judge, he (Young) having agreed to testify against an accomplice, the said action of dismissal in Grimes county was final and entitled Young to immunity from further prosecution. Lock McDaniel of Houston and Sam R. Henderson of Bryan were attorneys for Young.

Don't fail to order Breakfast Bell when your coffee gives out. Clarke & Fountain. 169

The county judge of Brazos county has started a subscription to raise $1000 to put the roads leading to Madison county in first-class condition. He says if this is done Bryan will hold the biggest part of the Madison county trade. The Madisonville business league will take warning —Madisonville Meteer.

The action of the Brazos County Farmers' Institute in endorsing at their meeting Friday the plan of the Central Texas Fair directors for a four days farmers' institute, to be held in connection with the fair and within the grounds, August 18 to 21, is highly gratifying to those who have the interests of the fair and also of the institute at heart. These meetings will be held every morning during the fair and speakers well versed in the methods of modern farming and stock raising for paofit will be secured for lectures. The co-operation of the farmers insures the success of the fair and Brazos county is destined to reap the benefits of the intelligent efforts thus put forth by the two organizations.

Mr. R. R. Claridge, superintendent of the industrial exhibit of the carnival at Palestine, was here yesterday in the interest of the carnival. Mr. Claridge says that with plenty of time and double the money the carnival is expected to beat its splendid record this year. It was last year the biggest round-up of farm,orchard and garden products ever held in Texas. Fine stock and poultry will be leading features this year. As it will come shortly after our own fair, will make it convenient for Brazos county to make an exhibit. Mr. Claridge says Brazos county had a great show at the carnival last fall especially as but a few days were devoted to gathering it. He says the carnival will be extensively advertised in other states, and every effort put forth to get people from abroad to witness this great round-up of Texas resources.

ONE HELD OUT.

The Jury Stands Eleven to One for Conviction of Jett.

...ckson, Ky., June 20.—But for one ... Curtis Jett would have been con... for the murder of Marcum, and ...ity of the jury favored the ... of Thomas White also. Both ...most 100 miles from home, ...ngton, and their next trial ...ana, over 100 miles from ... from the mountains ...e grass region, under ...nt conditions from those ... in Breathitt county.

...e interest in the change Friday was second only to the verdict. When Judge Redwine refused to hear arguments on the change in the location, it was stated by many in the court that the presiding judge had heard from Governor Beckham, who is generally believed to have had something to do with the change of venue to Harrison county, which is in the Eighteenth judicial district of Kentucky, where J. J. Osbourne is the circuit judge. L. P. Pryer is the commonwealth's attorney and the sheriff and other court officers are also favorably known.

With such general confidence in the surroundings of the next trial there is a general belief here that "everything is for the best after all." If the verdict had been one of conviction the residents here feel that violence would have followed, and that it would have extended to others than witnesses, jurors and those who had taken part in the prosecution. It is now thought that after the trials of Jett and White in Harrison county, the cases of other assassins known here, and who have been arrested, will be taken up with some assurances of justice on a change of venue.

Corroborated Ewen's Statements.

Lexington, Ky., June 20.—State Inspector Hines went to Frankfort, returning from his investigation of conditions at Jackson. He will make his report to Governor Beckham. He has the name of the man who went to witness B. J. Ewen and offered him $5000 to testify before the trial court so that Curtis Jett would not be named as the murderer of J. B. Marcum. Ewen told Judge Hines also the names of the men who were secreted in a closet and heard the conversation. They were seen by Judge Hines and corroborated Ewen's statement.

Fitzpatrick's Statement.

Jackson, Ky., June 20.—It is stated from some sources that the jury stood eleven for conviction and one for acquittal in the Jett case and seven for conviction and five for acquittal in the White case. Fitzpatrick, the man who finally stood out for the acquittal of Jett, says he did not base his opinion on the arguments of the attorneys, but on the evidence in the case. He said there is, in his mind, not only a reasonable doubt of Jett's guilt, but there is also reason to believe that he had nothing to do with the murder of Marcum.

Arrived at Lexington.

Lexington, Ky., June 20.—Curtis Jett and Tom White arrived here at 6:05 o'clock from Jackson and were locked up in the Fayette county jail. The trip was without disturbing incident.

TO DISREGARD.

Attorney General Knox's Opinion Is Sustained by Entire Cabinet.

Washington, June 20.—The time of the cabinet meeting Friday was consumed in large part by the discussion of the legal question involved in the right of the United States government to discharge the decision of the court of Virginia and seize the incompleted gunboat Galveston at the Trigg ship yards in Richmond. Attorney General Knox presented a carefully prepared opinion on the subject strongly affirming the right of the government to disregard the injunction granted Thursday in the Virginia court, which forbids the resumption of work on the Galveston, pending a settlement of the claim of the subcontractors, who have not been paid for material furnished. In concluding his opinion the attorney general says: "One further point remains to be considered. The letter of the secretary of the navy requests to be authorized to employ if necessary the military forces of the government at his disposal for the execution of his orders in the premises. I am loath to believe that occasion for such exertion of federal powers will arise, because beng confident that any claim to interfere with the national rights under the judicial authority of the state of Virginia will be promptly disposed of and denied by the chancery court. For this reason I shall defer answering that question." The cabinet, after considering this question, unanimously decided that the government's case was sound and programme outlined by Mr Moody will be pursued.

Sheriff's Version.

Elizabeth, N. J., June 20.—Sheriff Coriel said that he had placed a deputy in charge of the cruiser Chattanooga and would keep him at the Crescent yard until he received orders from some higher authority to withdraw him. The sheriff added that he had simply performed his duty, as seizing the vessel is in accordance with a writ issued by the supreme court commissioner and that he knew nothing about the merits of the case.

Last Outlaw Slain

Glasgow, Mont., June 20.—News has reached here that James McKinney, the last of the Glasgow fugitives who broke jail here June 6, was shot after he had made an ineffectual attempt to kill Miss Darnell, who had discovered the outlaw hiding in her father's ice house. McKinney is the third one of four prisoners who participated in the general break from the Glasgow jail June 6 to meet a violent death. Their escape cost five lives. Jack Brown, one of the gang, was lynched at this city Thursday night.

New York, June 20.—General Emil Schaefer of New York has been awarded the custody of his two children in Jersey City by Vice Chancellor Pitney.
